PETER J. O'CONNOR KILLED ON CROSSING

Continued from Page One.
Railroad company to provide safety gates and watchmen at the crossings. There is no doubt whatever that these petitions will be numerously signed.

The third-class city law empowers the city "to require the erection of safety gates and the placing of flags at the intersections of railroads with public streets," but no effort has been made to exercise this power. It has several times been proposed to be done but that is as far as the matter has ever progressed. The railroad company has expressed indifference to the safety of the city at any time.

It has gone along on the presumption that council would never take the matter seriously. In consequence another fatality has occurred just as others are likely to occur at any of the grade crossings in the city at any time.

The temper of the people at this time would indicate greater determination to have something definite done than at any previous time when the subject has been up for public discussion.

Before the Trough bridge was rebuilt, which provided an overhead eastern approach, the Baltimore & Ohio railroad for many years maintained a watchman at that point who was instrumental in preventing many accidents. Although the Pennsylvania has 10 grade crossings on the East and two on the West Side, and has frequently been importuned to provide safety precautions, no steps have ever been taken in that direction. Several times the company has made requests of council for certain rights and privileges and these have always been granted without requiring safety gates to be installed as compensation and as a means of insuring the safety of travelers over the streets.

The accident of yesterday is pressing the matter home upon so many people that there is promise they will persist in their demand for safety gates until something has really been done with a view to eliminating the street crossing peril.

THE HUN WILL BE THE HUN FOR ALL TIME, SAYS HUGHES

the honor of talking with Captain Carpenter of Vladivostok," he continued. "He said that when the 40 miles of German battleships sailed slowly through the North Sea a short time ago, every gunner, every gun, with a single shot and the other shot was praying, 'O God, please let the Hun start something so we can finish him!'"

In closing Dr. Hughes said:

"Germany is Germany as long as there is a history of Europe, as long as there is a history of the world. Nothing can ever blot out those infamous crimes. And like the dirty rotten stinking coward she proved to be, she couldn't stand up and take her own medicine when it came her turn."

Dr. J. Hooper presided at the meeting. Dr. George P. Wilson, who is secretary of the New Mrs. movement, led the prayer. A quartet composed of Mrs. William Brickman, Miss Sarah Davis, John Davis and Warren Murrie sang a pleasing and an appropriate number. Others in the choir were Mr. and Mrs. William Thomas. It was announced that Mrs. B. B. Williams of McKeesport, who was to make an address, would be unable to attend last night's meeting.

LOCAL MEN CONFER WITH UNIONTOWN ON RECEPTION PLANS

Continued from Page One.

and money," declared the former Congressman, "and I won't hesitate to ask any of them." Mr. Sterling expects to go to Washington in a few days and said he would then present the invitation of the committee to the main assembly. He will also endeavor to secure more definite information as to the return date of the two divisions in which the majority of Fayette county's soldiers.

J. E. Angle, chairman of the central committee, outlined the general scope of the proposed celebration. He told the Uniontown men that although several committees had been organized in Connelville, men only had been appointed, these committees were at work laying the foundation for the event, and that when the plans were finally drafted they would be applied to the entire county, at which time committees from various sections of Fayette would be appointed.

It was explained that J. Fred Kuro, who will organize the county, expects to devote a large part of his time to the work, and will go into every community in aid in the organization of a local committee modeled after the plan drafted by the Connelville committees. In this way all communities will name local committees and assume the general responsibility for its share in the celebration.

W. D. McGinnis declared that the aim of the committee was to keep patriotism out of the celebration. This subject was brought out in the assignments of Senator Crow and Mr. Sterling to secure speakers for the welcoming day. Both men said patriotism would not figure in such an event with the calibre of men they were going after.

Judge J. C. Work was named permanent chairman of the speakers committee and W. D. McGinnis as secretary. Present also at the meeting were J. E. Angle, Rev. John T. Burns, James H. Strawn, John Dugan, Sr., Judges J. Q. Van Swearingen and E. H. Reppert, Senator W. E. Crow and Bruce T. Sterling.

The celebration in Uniontown for the returning soldiers in the First Selective Service district was brought up at the meeting and it was conceded that a celebration in Uniontown was fit and proper and should be encouraged. Judge E. H. Reppert, however, suggested that committees from the county celebration meet with those in charge of the Uniontown celebration and come to an agreement as to the proper time as to the dates for the home-coming welcome. All were agreed that the dates for the two events should not conflict. Representatives on the speakers committee from Connelville heartily endorsed the idea of a Uniontown celebration and promised to go up and join in the good time.

The Grim Reaper

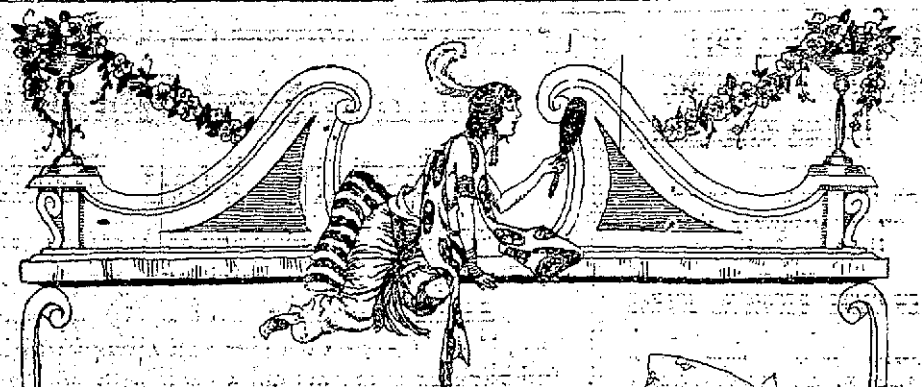

HOMER T. WILSON.

Rev. Dr. Ellis B. Burgess, pastor of Trinity Lutheran church, officiated at the funeral of Homer T. Wilson, held yesterday afternoon at 2 o'clock from the family residence in East Fairview avenue. The services were impressive and were attended by many relatives and friends of the deceased. Members of the carpenters' union served as pallbearers. There were a number of handsome floral tributes. Among the out of town relatives attending were Mrs. John Hand and Henry Ansell, Somerset; Mrs. Cora Hawthorne and Mrs. Jennie Young, Pittsburg; Mrs. Henry Miller, Moyer, and Mr. and Mrs. S. E. Froch, Uniontown.

PAUL EDWARD HAGUE.

Paul Edward Hague, three years old, son of Hugh and Lena Bloom Hague, formerly of this city, died yesterday at the family home at Woodlawn. One little sister, Jennie, survives. The child was a grandson of Mrs. Theodore White of the West Side. The body will be brought here for burial Saturday morning. The funeral service to be held at the German Lutheran church at 11 o'clock. Funeral Director J. E. Sims will have charge.

NEW CASES BECOMING SCARCE

Christian Church to Begin Revival Sunday Evening With E. C. Cole of Washington as the Evangelist; H. Y. Club is Entertained at Luncheon.

Special to The Courier.
SCOTSDALE, March 14.—The general situation in the influenza epidemic was much better yesterday, according to the reports received from physicians who have cases in charge. The families under the care of the community nurses are all improving and a large number of private nurses are employed over the town. No new cases have been taken on by the community nurses in several days and this would show that the situation is improving, unless new cases are coming on and the nurses have not been called. The physicians are pleased at the help these nurses have been to them during the recent sickness in town.

Anaemic, run-down, nervous, devitalized conditions result from poor or thin blood. A glance at the formula of Vinol, printed on the label, will show that it contains the very ingredients necessary to make good blood. It soon creates a healthy appetite, improves digestion, and helps you to get full benefit from your daily food, and builds you up.

MONTHLY AVERAGE COKE PRICES SHOW DOWNWARD TENDENCIES

A Wide Range With the Government Limit as the Starting Point.

SPOT MARKET STEADIER

Domestic Coke Having Freely Available; All Quotations for Short Period Deliveries, Foundry Mixed Upset by Excess Production.

Special to The Courier.

PITTSBURGH, March 12.—The average price of the merchant furnace coke of the Connellsville region in March, will probably be about \$4.50. There is a wide variety of prices. The highest is the former government price of \$4.60, which is understood still obtains in the case of one or two contracts that were made subject to "last government price" in case government controls were removed, while the great majority of such contracts were revised generally to \$4.50. There is as to the contract that called for negotiation in case government controls were removed, there are one or two cases of the March adjustment being at \$4.50, while there are many more cases of the adjustment being at \$4.25. Finally, a limited quantity of coke will move as the result of sales of spot lots or of lots to be shipped over a fortnight or over the month. Such sales, at the present time, are generally at \$4.50.

There have been offerings at less but generally speaking the coke is of inferior quality and will not be taken by purchasers who standard grades are available at only a slightly higher price. Averaging these prices together with an eye to the proportionate tonnage that each price involves the general average comes out at about \$4.60. The producer-consumer interests will probably still their coke to themselves at a somewhat lower level, perhaps \$4.25. In February much of this coke was billed at \$4.50.

Monthly averages of prices for the year to date are shown in the following tabulation:

	Furn.	Foundry
Month of January	\$5.84	\$4.25
Month of February	4.75	5.40
March to date	4.50	

Contract adjustments are now, of course, expected to be made down to the bottom of the spot market. Contract coke is worth more money to the furnacemen than coke picked up in the open market, the quality being regular and the deliveries being steady and suited to the needs of the furnace.

At \$4.00 the market for furnace coke is below the cost of most of the high-priced operations and not much above the cost of the best positioned, always assuming, of course, that a fair price is allowed for the coal. While it might be difficult to sell the coal as such, the fact is that the coal market is being maintained.

With coal at \$2.25, which was the government limit but which has some promise of being exceeded, charging up the cost of coal used in making coke at this figure would mean a loss even in \$4.00 coke, as a ton and one-half of coke required to make a ton of coke would cost \$3.37, and the operation of coking costs more than 50 cents a ton at the prevailing rates of wages and schedule of materials cost.

The spot furnace coke market is steadier in that domestic coke has almost disappeared from the offerings, which are now confined almost wholly to regular production and thus the price is about the same whether one desired to buy a small prompt lot or desired to cover for the balance of the month. There are no quotations made or sought for longer periods as those who would be disposed to contract did so long ago.

The foundry coke market continues to present the widest spread ever known, the spread being at least \$1.50 per ton. On account of restricted operations there is a very large quantity of 72-hour coke being made. Foundry coke is supposed to be "selected" but with so large a tonnage it is not difficult to make the selection and thus there is some coke offered for foundry use at but little above the price of furnace coke. On the other hand several of the producers of high grade foundry coke are adhering strictly to \$2.00 as their price. They had made contracts at the government limit of \$7.00 and in many cases voluntarily reduced the price to these contracts to \$2.00. In the circumstances they do not regard it as desirable to offer their coke in the open market at a lower figure. For \$4.50 one can get a fair grade of 72-hour selected foundry coke, while for fairly choice brands one would have to pay \$5.00 and for a top brand one would have to pay

\$6.00. The market for spot, prompt or March coke thus stands quotable as follows:

Furnace..... \$4.50
Foundry..... \$4.50 to \$5.00

The Pittsburgh district coal market continues extremely quiet. Operators are not trying to force the situation, but rather are curtailing production as far as necessary and shipments are confined almost entirely to contracts. Occasional odd lots, which are scattered, but in general the market is rather well maintained at \$2.25 to \$2.35 for steam coal and \$2.50 to \$2.70 for 34-inch gas coal, per net ton at mine, Pittsburgh district.

The pig-iron market has become altogether stagnant in the past few days. Buyers had been showing but little interest formerly, and now, with the prospect of lower prices being developed in the near future through the negotiations of the recently created Industrial Board of the Department of Commerce, they are showing no interest at all. As they will not have to wait longer than to April 1 at the outside for the new and reduced prices, if there are to be reductions, as seems altogether probable.

Before this stagnant condition developed the foundry iron market was flourishing. This report of a week ago noted that foundry iron was readily obtainable at \$1.00 a ton under the former recognized market, or at \$30.00 a ton. A couple days after the report was published two or three business made quotations, on enquiries for limited tonnages, of not over 125.00, and this made a quotable market at that level, \$2.50 a ton under the regular price during January and February and \$6.00 a ton under the government limit that obtained during the last three months of last year. As there was no enquiry for Bessemer or basic iron these grades are left high and dry at the old levels, there being no basis on which the market could properly be quotable at any other level. Thus the market, while practically nominal, stands quotable as follows:

Bessemer..... \$32.00
Basic..... \$30.00
Gray foundry..... \$28.00
Gray forge..... \$27.00

These prices are f. o. b. Valley furnaces, freight to Pittsburgh being \$1.40.

FOR MANY YEARS
SHE SUFFERED WITH
STOMACH TROUBLE

All Medicine That She Had Used Failed to Give Her Relief.

Recently, in a conversation in the McCullough Drug Company's store, corner of Penn. avenue and Federal street, Pittsburgh, the following sensational statement was given for Plant Juice, the great herbal stomach medicine, by Mrs. Clara Kitchan, a well known Pittsburgh lady, who stated:

"For many years I suffered from an aggravated case of stomach trouble, which finally became so bad that I was scarcely able to retain my food. My appetite was very poor and what little food I was able to eat fermented, formed gas in my stomach and was very painful. My tongue was coated and I had entirely lost my strength. My blood became impoverished and my complexion was so poor that my hands and feet were cold and clammy. I was short of breath and my muscles and joints were sore and stiff. My liver was affected, my complexion sallow and I was chronically constipated.

"A number of my friends had advised me to try Plant Juice for my troubles, which I finally did, and I am very happy to state that I felt better from the very first day. My appetite has improved and my nerves are better. My kidneys are relieved and I am no longer troubled with constipation. I can honestly state that Plant Juice has done me a lot of good, gave me strength and appetite and I think it the best medicine made.

"There are numerous symptoms of this trouble that Plant Juice can relieve. In fact, any of the following may denote afflictions of the stomach: indigestion, dyspepsia, belching of wind, bad breath, sick, drooping head, poor circulation, night sweats, that tired feeling, restlessness, coated tongue or a poor complexion.

"Plant Juice is sold in Connellsville at Roy Helzel's Drug Store—Adv.

Relieve Your Indigestion With A Laxative

Dyspeptics know that indigestion is accompanied by constipation, and that until the bowels can be regulated so they will act freely and naturally every day at a stated time, swallowing dyspepsia tablets is of little use.

A great and growing number of sufferers from this trouble find immediate and then permanent relief by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. The laxative herbs act on the bowels and the pepsin and extract on the digestive tract, forming an exceptionally effective laxative tonic.

It is a combination that has been found wonderfully helpful in indigestion, constipation, biliousness, headaches, bad breath, belching and gas on the stomach. A small dose is all that is required.

The druggist will refund your money if it fails to do as promised.

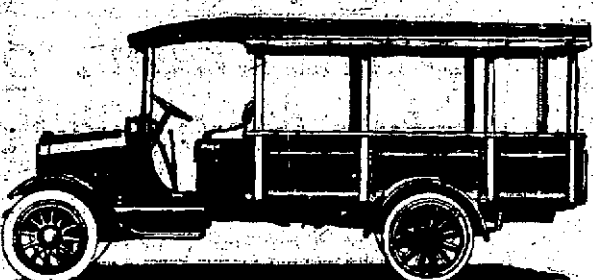

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by securing and absorbing war taxes we have managed to keep the price at which this family favorite has been sold by druggists for the past 25 years. Two sizes—50c and \$1.00.

TEACHERS WILL SUPPORT WOODRUFF INSTEAD OF WEAVER SALARY BILL

Letter Calls for Larger Appropriation Than Can Be Made by Next Year, Says the Governor.

HARRISBURG, March 13.—As a result of a conference held here yesterday by school teachers who are looking after legislation to increase their salaries, it was announced that the Weaver bill appropriating \$10,000,000 a year for a general increase of 25 per cent to all public school teachers of the state would be dropped and the teachers would devote their energies to pushing through the Woodruff bill which, it is estimated, would require the state to an expenditure of between \$4,000,000 and \$6,000,000 a year.

After investigating the situation, the teachers concluded they would have to agree with the opinion held generally here that it would be impossible to get the Weaver bill enacted into law.

The influence of Governor Sproul is against this measure inasmuch as it carries an appropriation of the state's revenues for the next two years, a sum considered by the executive as entirely too large at this time. In his inaugural address the governor approved an increase in pay for the teachers, but he made it plain that \$10,000,000 a year could not be spared from the state revenues.

He proposed that the state first take care of the lower paid rural and primary teachers. It was therefore apparent to the teachers' representatives that the Weaver bill would not receive the approval of the governor though enough votes were procured to pass it.

The teachers have selected the Woodruff bill from among a number before the legislature increasing minimum salaries and they will endeavor to have it reported from the House education committee next week. Efforts will be made to get support enough to put it through and the governor will be asked to approve it. The teachers expect to have a report soon from statisticians estimating the cost to the state each year. The Woodruff bill may not pass as written, but it is sure to be made the basis for legislation to give the teachers more money. When the state can finance will receive the hearty support of the legislature.

The Woodruff bill is an amendment to the school code which now fixes the minimum salaries of all public school teachers.

Meat: Russia and the Allies

Russia crumbled away and failed the Allies largely through lack of food, according to an American eyewitness.

With plentiful reserves and resources virtually untouched, her people starved at home and at the front because there was no adequate organization to place food where it was needed.

Animals on the hoof were shipped thousands of miles to the various fronts, wasting transportation facilities required for other purposes. They arrived shrunken and emaciated, to be killed and dressed amidst filth and confusion behind the lines. Half of those brought from Siberia, it is said, perished on the way; many more were unfit for food.

On the other hand, the American packers turned live stock into meat in large sanitary plants located in the producing sections, and shipped the product under refrigeration so that it reached the trenches in France in perfect condition, without waste.

Says Our Authority:

"Had such facilities for cold storage transportation been available to the Russian supply committee as were placed at the disposal of the quartermaster of the United States by Swift & Company, there might have been a different story concerning Russia's part in the final drama of the war."

A large-scale packing industry would be an asset to Russia, in war or in peace, as it has proved to be to the United States.

The cost of this large scale industry in the form of profits is only a fraction of a cent per pound of meat.

Starving in the Midst of Plenty

Acid Stomach Steals Strength and Good Feelings From Millions

One of the worst features of acid stomach is that it often kills the strength and good feelings from millions. The strange thing about it is that the people with acid stomachs seldom know what their trouble really is. No matter how good or wholesome the food may be, or how much they eat, they do not gain in strength. This is clearly explained by the fact that an acid stomach cannot properly digest food. Instead of healthy, normal digestion, the acid causes the food to sour and ferment. Then, when this mass of sour, fermented food enters the intestines, it passes into the blood and becomes the breeding place for all kinds of germs and toxic poisons, which in turn are absorbed into the blood and in this way distributed throughout the entire body. And that is exactly why it is that so many thousands of people eat and eat and keep on eating, and yet are literally starving in the midst of plenty. Their acid stomachs make it absolutely impossible for them to get the full measure of nourishment out of their food. (And it doesn't take long for this poor nourishment to show its ill effects in a weakened, emaciated body.)

You may say: "My stomach doesn't hurt me. That may be true because many victims of acid stomach do not actually suffer stomach pain. Then again, there are millions who do suffer from indigestion, gas, heartburn, bloating, and all the other symptoms of acid stomach. But you can't see how much better you will feel.

"CARMEN OF THE TUNDRA"
A most unusual picture with Clara Williams in the leading role is being shown today. The dramatic scenes, the stirring situations, the thrilling action, is held in the Klondike mountains of Alaska during the days of the gold rush. Miss Williams plays the role of Dorothy, a former Broadway star, and Cameron Stewart, Dorothy's

Dances, unaware that she is within thousands of miles, leaves with a frenzied crowd of miners for the snow-bound regions of the mountains. The scenic effects of the production, both in the town of Skagway and in the snow-bound mountains that surround it, are truly wonderful. There is not a moment in the entire picture that is not intense with suspense and complete with thrilling action. At the climax three occur the most ferocious, raging, hand-to-hand fight between two men which has ever been produced on the screen.

THE SOISSON.

"A PERFECT LADY"—A breezy and charming comedy with Midge Kennedy, the adorable Golden Star, in the leading role. The picture is beautifully photographed, faultlessly directed, brimful of comedy, and alive with quick, snappy action. Also the story holds its interest to the end, providing a very pleasing climax. Charming Miss Kennedy's engaging smile and her natural grace endow the role of Mary Higgins with magnetic appeal. Mary Kennedy is the story's business Queen, later translated into a resourceful and courageous maiden who successfully battles with her intruders and wins the young clergyman's heart. The picture is really delicious comedy, delicately shaded with pathos, the net result being a performance warranted to delight Miss Kennedy's numerous admirers. She is adequately supported by which contribute in no small degree to the picture's triumph. A selected comedy is also being shown. Both attractions will be presented tomorrow.

THE SOISSON.

"HEARTS OF THE WORLD"—D. W. Griffith's latest achievement will be shown on Wednesday and Thursday, March 13 and 14. When it is recalled that Mr. Griffith is the man who gave players the Birth of a Nation, "Intolerance," and other tremendous productions so far unparalleled in the annals of the screen, it is a matter of interest to note that "Hearts of the World," while produced in France amid the din and devastation of the recent war, is after all not a war play but a wholesome romance wherein war figures merely as the background. The story of a village, the program calls it. And again it is referred to as "an old-fashioned play with a new fashioned theme." All of these facts are interesting to Griffith enthusiasts for the reason that any producer who could spend 18 months in France during the very thick of the fighting and bring back to America a production not engendered by blood and horror proves himself an artist of genius big enough not to yield to the temptation to reproduce the war, but rather to tell a simple story about the people to whom war came. Mr. Griffith has brought back to America a story setting forth all the beauty of France, the music of her moonlight, the perfume of her flowers, the light laughter and small troubles of her people, the charms of the old walls and the picturesque roads over which Caesar marched to conquest and where Henry of Navarre whispered love into the ears of his sweethearts.

The coming of peace makes all the more attractive this latest of the Griffith masterpieces, from which all accounts it is as great a history of the world struggle as all the war books combined, visualizing the conflict in a clear, understandable way, telling of the hopes and fears of the people rather than showing the progress of the war as a struggle. A large symphony orchestra will accompany the showing of "Hearts of the World," the music having been especially arranged to suit every scene and action throughout the production.

WOMAN NOT WORRIED OVER FOOD SHORTAGE

"I have lived on meat and water for over six months and have been scarcely able to eat anything for the last year. I began suffering from stomach trouble and bloating six years ago. A friend recommended Miller's Wonderful Remedy, and since taking 6 doses I feel I am entirely restored; even cabbage does not hurt me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will cleanse the system, and a few more will bring you money refunded. A. A. Clarke and Druggists everywhere.—Ad.

News of the Past Comes from the Files of The Courier

FRIDAY, MARCH 13, 1919.
Detailed report of the Connellsville coke trade for the week ending March 8th shows a total of 12,961 ovens in the region of which 11,971 are in blast and 2,240 idle, with a total estimated production of 103,211 tons.

Shipments for the week aggregated 1,000 cars distributed as follows: To Pittsburgh, 1,110 cars, to points west, 2,200 cars, to points east, 1,125 cars, a decrease of 200 cars as compared with the previous week.

Henry C. Kramer, is instantly killed when caught under falling slate at the Davidson works while drawing ribs.

Prisoners in Bank Vault.
J. D. Williamson, J. R. Kurtz and J. M. Cameron are taken to the county jail on charges of robbing the Tenthredonian bank. While attempting the vault in the new building, the three men were taken by the door and it being provided with a spring lock it fastened itself on the men's hands. They were released when some of the bank officials heard of their predicament and came to their rescue.

Marriage Licenses. are issued in Uniontown as follows: Lagrange A. Walton and Annie E. Bookman both of Connellsville; John T. Palmer of New Salem and Dora L. Miller of Old Frame; J. Dwyer and Mary B. Mayhew both of Washington county; Alfred Miller and Mary Ann Koonitz both of Bullittsville; Walter N. J. Neilson purchases a lot from Mrs. Elizabeth Patterson on the South Side.

Patrick Quinn and John Webb build additions to their houses on the South Side.

Harry Black, conductor of the yard crew night shift, returns to work after several weeks illness of pneumonia.

Miss Lucy Coughenour is now clerical clerk at the postoffice. Walter McNeil has succeeded W. S. Ward as money order clerk.

A lodge of the Order of United Friends is being organized in town by Daniel Shulkin and S. H. Howard. The order is a beneficial one.

The barber shop of Isaac Williams in the Wilkey building on Main street has been purchased by the Wilkey brothers and is being fitted up for a barber shop. The new shop is a two-story building recently occupied as a barber shop by "Joe Johnson" into a restaurant.

The new houses of W. D. McDowell, Mrs. "Nancy" Sullivan, Engineer Bradley, L. P. Ruth and Mrs. Porter on the South Side are ready for occupancy.

WOMEN OF MIDDLE AGE

How Lydia E. Pinkham's Vegetable Compound Relieves the Ailments of Change of Life.

"During Change of Life I had hot flashes, dizzy spells and every month I was wild with misery. I had a constant dull pain, and would always feel tired. I suffered in this way for five or six years and was treated by a physician and took different remedies without benefit. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took it, and I believe I would never have been well if it had not been for the Vegetable Compound and Lydia E. Pinkham's Vegetable Compound. I am recommending your medicine to all women suffering as I was, for I think it will carry them safely through the Change of Life, and restore them to health and vigor."—Mrs. ALBERT C. Special to The Courier.
DAWSON, March 14.—Mr. and Mrs.
Charles Worthington, who have been
touring the south and southwestern
part of the United States, have returned
home. Mr. Worthington gained 15
pounds during his trip, and now bal-
ances the scales at close to 275. He
was much taken by the climate of the
south, but as for living there he says
"Pennsylvania is good enough for him."
Almost Escaped.
Clarence Newell of Dickerson Run
was on a 10-day tour of the south
and returned on November 16, the day be-
fore the armistice was signed, being
hurt in the hip. He will, after his 30
days are up, go to Parkview to re-
cuperate.

Girl Experts to Bowl.
The ladies of Dickerson Run will
have a game of duckpins with the
yard office girls on the Y. M. C. A.
alleys on Friday evening. This will be
a good game and promises to draw a
large crowd. Both sides are confident
of winning, as both have expert bow-
lers on their lineup.

RHEUMATIC AGONY PITILESS AND PAINFUL NOW EASILY ENDED

James E. Allen of Rochester, Once a
Cripple, Now Strong and Robust,
Gives Secret to Sufferers.

It does not matter to me whether
you are afflicted with rheumatism,
gout or have only occasional twinges.
I know that after my own discovery,
with the help of the agency, I was able
to get the pain and reduce the
swollen joints.

I know it will dissolve the uric acid
deposits that have become deeply in-
bedded in joints and muscles and
quickly drive every trace of rheuma-
tism from your body. I know this be-
cause I was crippled for years and
now I am able to work and
enjoy life.

I know because since I cured my-
self, hundreds have taken Almarin
and speedily rid themselves of this
agonizing disease.

No matter how severe your case, I
urge you to get your faith in the pro-
prietorship that took me from per-
fect health to a condition that made a
man of me after doctors tried and
failed.

Almarin is so powerful, it starts
right to work; it gets into the
blood, reaches out the poisonous uric
acid, and in two days starts to
drive the concentrated impurities that
cause rheumatism, out of the body
through the natural channels.

Therefore, the outcome of this dis-
covery, I authorize every druggist to
return your money if Almarin doesn't
cure your rheumatism. Connellsville

TRY MAGNESIA FOR ACID STOMACH

It Restores Stomach Activity, Pre-
vents Food Fermentation, Sour,
Gassy Stomach and Acid
Indigestion.

Before giving up hope and deciding
you are a chronic dyspeptic, try the
effect of a little Epsom's Magnesia—
not the ordinary commercial carbonate,
citrate, oxide or milk, but the pure
bismuthated magnesium which you can ob-
tain from practically any druggist in
either powder or tablet form.

Take a teaspoonful of the powder
or two compressed tablets with a lit-
tle water after your next meal, and
see what a difference this makes. It
will instantly neutralize the danger-
ous, harmful acid in the stomach which
now causes your food to ferment and
sour, making gas, wind, flatulence,
heartburn and the bloated or heavy,
tummy feeling that means so follow
most everything you eat.

You will find that provided you take
a little Epsom's Magnesia immedi-
ately after a meal, you can eat almost
anything and enjoy it without any
danger of pain or discomfort.—Adv.

Charming Grace and Style Featured in New SPRING MILLINERY

It may be some artistic bit of trimming in the popular new
henna shade, or it may be a gay, smart flash of victory red that
greet the eye from some unexpected angle, that gives these hats such
captivating charm. But whatever it is, they do have charm as every
woman will admit.

The entire spring stock is here and ready for your choosing.
There is a big variety both in shapes and colors, and trimmings to
please every woman.

We want you to see the display at its very best, and that is
why we ask you not to delay your inspection.

Prices begin as low as \$5.95 and range gradually upwards, with
by far the biggest showings at the intermediate figures within easy
reach of every woman. Hence a satisfactory selection is assured.

MOTHERS, DO THIS— When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may
develop into croup, or worse. And then
when you're glad you have a jar of Must-
erole at hand to give prompt, sure re-
lief. It does not blister.

As first aid and a certain remedy,
Musterole is excellent. Thousands of
mothers know it. You should keep a
jar in the house, ready for instant use.

It is the remedy for adults, too. Re-
lieves sore throat, bronchitis, tonsilitis,
croup, stiff neck, sciatica, neuralgia, head-
ache, congestion, pleurisy, rheumatism,
lumbago, pains and aches of back or
joints, sprains, sore muscles, chilblains,
frozen feet and colds of the chest (it
often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

FOR THE WHOLE FAMILY.
This is the big year for Victory
Gardens. Get a garden book by
sending a two-cent stamp to the

NO NEED TO BE THIN, SCRAWNY OR SALLOW

If you are thin and want to be
plump—if you have wrinkles in your
face that you are not proud of, if the
skin is sallow or subject to pimples or
blackheads, take Micon's stomach tab-
lets for two weeks and notice the
change.

The majority of the thin people are
thin because the stomach does not per-
form its duties properly. It is not se-
cretory sufficient of the natural diges-
tive juices and in consequence does not
extract from the food enough nu-
tritive matter to nourish every part of
the body.

Micon's stomach tablets are intended
to build up the stomach so that it will
act properly and extract from the food
the elements necessary to form flesh.

If you are thin try two weeks treat-
ment of Micon's stomach tablets—
they are small, easily swallowed and
are sold on the guarantee of money
back if they do not overcome chronic
indigestion, acute or chronic, stop
stomach disturbance, belching, heart-
burn, sour stomach, and any after dis-
turbance.
